## NOTES TO THE FINANCIAL STATEMENTS

### GENERAL

#### *ACTIVITIES*

European Society for Organ Transplantation was incorporated on 27 February 2009 and has its registered office in Amsterdam (KvK nr. 34329686). The Society's main activities started in 2011 and are:

- furthering and encouragement of knowledge and research concerning donation and/or transplantation;
- creating a scientific forum for activities in the field of donation and/or transplantation.

It aims to achieve this purpose, among other things, through:

- being a forum for discussions about both positive and negative clinical and scientific experiences, introduction of confirmed experimental findings and new methods within the clinical practice, legal and ethical problems and questions related to donation and/or transplantation and experimental research;
- planning and organizing of multi-centre studies;
- collaboration with organ distributing and other organizations or authorities dealing with organ donation and/or transplantation;
- contributing to education and training;
- contributing to quality guidelines concerning donation and/or transplantation;
- taking part in legal persons, whatever their legal form, which are aimed at obtaining financial means for the benefit of the Society.

The European Society for Organ Transplantation is a major scientific and not-for-profit society and dedicated to exchange knowledge about donation and transplantation, thus improving health and well-being of patients affected by end stage organ disease. Involving many dedicated voluntary professionals ESOT provides an extensive education program and generates best-practice guidelines in the field of transplantation.

ESOT is registered as a charity (Algemeen Nut Beogende Instelling: ANBI) in the Netherlands.

## ACCOUNTING POLICIES IN RESPECT OF THE VALUATION OF ASSETS AND LIABILITIES

### *GENERAL*

The company financial statements have been prepared according with the Dutch generally accepted accounting principles and Title 9, Book 2 of the Netherlands Civil Code and are denominated in Euro.

The financial statements have been prepared by applying the historical cost convention. Unless disclosed otherwise in the accounting principles for the specific balance sheet item, assets and liabilities are presented at face value.

Income and expenses are accounted for on an accrual basis. Profit is only recognized when realized on the balance sheet date. Losses originating before the end of the financial year are taken into account if they have become known before preparation of the financial statements.

### *ACCOUNTS RECEIVABLE*

Upon initial recognition the receivables are valued at fair value and then valued at amortized cost. The fair value and amortized cost equal the face value. Provisions deemed necessary for possible bad debt losses are deducted. These provisions are determined by individual assessment of the receivables.

## ACCOUNTING POLICIES IN RESPECT OF RESULT DETERMINATION

### *NET TURNOVER*

The net income shown in the profit and loss account is the revenue from sponsors through a support-foundation and grants received from third parties net of value added tax.

### *DIRECT COSTS*

The direct costs are recognized at cost.

### *OTHER OPERATING EXPENSES*

Expenses are based on the historical cost convention and attributed to the financial year to which they pertain

Amsterdam, June 2021

V. Papalois  
President of the Executive Committee

O. Thauat  
Treasurer
