# General Information

# About this event

The 6<sup>th</sup> ELPAT Congress on Ethical, Legal and Psychosocial Aspects of Organ Transplantation will take place from 9<sup>th</sup>-12<sup>th</sup> October 2025 in Seville, Spain. The theme of this congress is “New Technologies – Evolving Humanities”. The aim of the Congress is to promote and facilitate in-depth discussion of emerging and future issues in transplant ethics, psychology and law. Through this platform for discussion, we aim to promote and pioneer ethical clinical practice in the field of donation and transplantation.

This will be achieved through interactive plenary sessions, innovative focus sessions and in-depth workshops on topics that are relevant to multidisciplinary professionals working in donation and transplantation.

Submitted abstracts will be clustered based on their thematic focus or integrated into in-depth focus sessions and workshops. In addition to the scientific programme, there will also be opportunities for networking through social events.

The conference welcomes all professionals involved in transplantation. This includes, but is not limited to, (bio-)ethicists, philosophers, physicians, lawyers, criminologists, anthropologists, psychologists, transplant coordinators, nurse practitioners and policy-makers in the field of organ donation and transplantation. Students and young professionals are highly encouraged and welcome to attend and participate actively and it will be of priority to engage them in focus sessions and workshops.
