## Organising Committee

**Christina Papachristou**  
Thessaloniki, Greece

**Gregory Moorlock**  
Warwick, United Kingdom

**Frederike Ambagtsheer**  
Rotterdam, The Netherlands

**Joe Brierley**  
London, United Kingdom

**Hannah Maple**  
London, United Kingdom

**Ines Mega**  
Lisboa, Portugal

**David Shaw**  
Basel, Switzerland

**David Rodriguez-Arias**  
Granada, Spain

**Antonia Cronin**  
London, United Kingdom

**Ana Manzano**  
Leeds, United Kingdom

**ELPAT** is a European platform that brings continuity and progress in European research and dialogue on 'Ethical, Legal and Psychosocial Aspects of organ Transplantation'. The ELPAT Congress has traditionally been held every three years to provide an opportunity for transplant professionals from across different disciplines to focus on the areas traditionally covered by ELPAT, which are a fundamental part of all facets of transplant practice - from bench to bedside.

The **6<sup>th</sup> ELPAT Congress** will focus on pioneering areas within transplantation, with a spotlight placed on the ethical, legal and psychosocial aspects. We will discuss the newest transplant practices, and through meaningful discussion will consider the broader global, technological and societal implications, and the human-organ-technology interaction, including the responsibility of the transplant community to the wider world.

## Scientific Programme Topics

- Human, Organ, Technology Interaction
- The future of transplantation
- Xenotransplantation
- Sustaining transplant workforce
- New professions in transplantation
- Transplant psychology
- Bioartificial organs
- Transplant inequalities
- End-of-life and organ protection
- Global mobility and trade
- Ethics and law in transplantation
- Cultural considerations
- Living donation
